## **AVP – Product Controller- tier one Bank**

I was successfully placed in my current role by Eximius, who acted at all times with total professionalism, ensuring that I was fully appraised of all of the nuances of the recruiting company and interviewing managers. Post placing me in the role, I received a courtesy follow up call to ensure a smooth on-boarding. I have subsequently used, and recommended Eximius to others for their recruiting needs.

## **Director- Tier one Bank- COST FP&A**

“I’d independently been told that Eximius were a strong outfit, and this was put to the test in summer 2013 when looking for a new challenge. Eximius understood my motivations and in a short space of time were able to bring to the table some excellent opportunities at top tier institutions, one of which I accepted. Throughout the process Eximius were highly professional and capable, and I am happy to say played no small part in my successful application”

## **Associate Investment Bank Finance**

“My experience with Eximius has been amazing. From the beginning of the job search I was given support and guidance on how to deal with each interview stage. I was asked for feedback after each interview, and even after I landed a job at a tier-1 inv bank the recruiter came back and asked me if everything was ok. All in all great and professional service.”
