

Client Testimonials

“The level of service from Eximius Finance has consistently been excellent. We have had a high success rate with Eximius in placing candidates with us. Tom Stoddart and the team quickly gained an understanding of our requirements and matched those with highly talented individuals with impressive lead time. Like most professionals I have a busy schedule and a pet hate of mine is to being subjected to speculative recruitment calls at the most inconvenient of times. Tom, Beejal and James understands that I am busy and always schedule calls or more often face to face with me in advance and come adequately prepared so my time is well spent. This has led to us having a long standing relationship with Eximius and they are always the first company I contact when I have a recruitment need. The market information provided is also very insightful and accurate.”

Director - Tier one Bank

“Tom is one of the top performers in the business. He is efficient in finding good quality candidates. He is someone that is good to work with and can be relied on”
