James Parkins | Director | Technology

James.parkin@eximius.com | T: +44 (0)7713 663 820

“Personable; professional and knowledgeable’ are three words that seldom appear together in the world of recruitment and yet James has them all - and he manages to combine with efficiency. In a world where dealing with agents is a need rather than a want, James manages to bring a breath of fresh air with his approach.” –

Head of Digital & Delivery, Digital Agency

“I worked with James for 3 years whilst at EDS. He spent time understanding our very specific technical requirements and always provided high calibre candidates who were genuine in their interest to work for us. Over the 3 years James was instrumental in growing our numbers, I found him to be easy to work with, responsive and always operating with integrity.” –

HR Controller, Aerospace Manufacturer

“James always provided me with the right people. Even with impossible deadlines, he always delivered. He has and a great understanding of his business and I needed to give him minimal details for him to find the right skills I needed. All the resources he provided me with delivered what I needed and more.” –

IT Service Delivery Manager, NHS

“Having worked with James as a recruitment partner at two separate organisations, I can say with confidence that his support has been invaluable in the growth plans at both. Always sourcing high calibre, no-nonsense candidates, helping me save time and focus on running my business. James delivers professionalism, high quality interactions, and a deep knowledge and understanding of my recruitment requirements.” –

EMEA & APAC Inside Sales Director – Cyber Security Vendor

Testimonials

Darryl Tweed | Principal Consultant | Technology

Darryl.tweed@eximius.com | T: +44 (0) 20 7648 6917

I would like to thank Darryl Tweed and Eximius group for their outstanding contribution to our business. Offering their outstanding market knowledge and continued support to us. We have now gone live with 3 out of 7 branches. The remaining 4 banks are on course to be live by June 2019.

I have been amazed by Eximius and Darryl who supported our project by providing 10 QA Testers from Asia on-site in Ireland for the last 3 years. They have a thorough understanding of cultures and immigration laws. In addition, they supplied hard to find consultants with rare financial product knowledges such as TPS and Treasury. Due to their worldwide knowledge of our consultants, at our Tier one bank we have benefitted by assembling a great winning team.

I would seriously recommend Eximius Group and Darryl Tweed to any company who are looking to undertake a Core Banking project or for any major change project. You'll be assured by their straight forward approach, Market understanding and determination to support their customers to the end.
